

DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

REPORT ON GUEST LECTURE

Topic	: Electronic circuits - I
Guest Speaker	: Mrs.P.Sudha, AP / ECE, MAMSE, Trichy
Faculty Co-ordinator	: K.Suganya, AP / ECE
Date & Time	: 21.08.2019 at 10.00 AM
Venue	: A block - 008

A guest lecture on “Electronic Circuits - I” for II year ECE students was held on 21st August 2019. The guest lecture has been organized by the department of ECE to provide the students with an opportunity to get a theoretical knowledge on circuits, which is fundamental in the field of Electronics. The lecture started around 10.00 AM and ended around 03:00 PM.

The guest lecture began with welcome address by the Head of the Department, ECE. The session was then continued by Mrs.P.Sudha, who began with an introduction on Electronic circuits. Following which, she shed light on the frequency response of amplifiers and how to derive the frequency and bandwidth for BJT and MOSFET amplifiers.

The session ended with hearty thanks and presenting of a memento in appreciation for taking the time out to educate the students on programme core. The speaker thanked the Management for providing the platform to organize guest lecture for the budding engineering talents. She appreciated the student discipline and the way in which they cooperate on whole for the successful conduction of the event.
