Graduation Day at Dhanalakshmi Srinivasan Engineering College

The 17th Graduation Day was held on January 28, 2023, at Dhanalakshmi Srinivasan Engineering College, Perambalur. Dhanalakshmi Srinivasan University's Hon'ble Chancellor, **Shri . A. Srinivasan Ayya**, presided over the function and delivered the presidential address. Degrees were awarded to 1092 graduands, including six who secured the highest marks and placed on the university rank-holder list. During the address, he said that he was very happy and proud to participate in this graduation ceremony and deliver the presidential address. He said that he conveys his heartiest congratulations and appreciation to the graduands. He said that the whole world wonders at the talents of the Indian youth, so all the young graduates today should develop their talents, maintain discipline and honesty in their personal and public life and strive for social development and the development of the country. He said that his first wish is that you become one of the world's most eminent personalities due to their technical skills, management skills, and excellent qualities, and he believes that our students have all the qualifications for that. He said that he could not even complete his schooling due to family circumstances, but he felt great happiness and full satisfaction in supporting so many students to get their degrees. He said that he is sure that the experience of studying in this college will definitely bring a turning point in the life of every student, and everyone should rise up and add glory and honor to our college in order to fulfill his hope.

Mr. B. Ganesan I.A.S., Director, Directorate of Town and Country Planning, Govt. of Tamilnadu, participated as a chief guest and gave the degrees to the graduands. During his graduation day address, he said that he would convey his heartfelt congratulations and appreciation to the graduands. He said that today is the beginning of the next chapter of the life of all those who will graduate today. He said that according to the growing modern technology, the graduands should develop their skills and make their parents and the college proud by going to the higher position. The development of each individual is the development of a society, the development of a society is the development of a country, and the development of each country is the development of mankind as a whole. "The development of each of you is the development of the country and the development of society; therefore, every graduate today should keep the highest goal in mind and work with ideals to achieve it," he said.

Dr. K. Elangovan, Principal of Dhanalakshmi Srinivasan Engineering College, gave the welcome address for this function. He also presented the college's report. Dhanalakshmi Srinivasan Engineering College is an autonomous educational institution accredited by the NAAC and NBA. He said that the college has signed MoUs with various leading educational institutions and companies to further enhance the education standard of the students. He said that the students and professors are engaged in various research projects on the college campus, and many research papers have been published in reputed research journals. He also said that more than seventy project proposals have been sent by the professors to the research funding agencies. He said that campus interviews are regularly conducted in the college and this year more than seven hundred students have got placements in seventy two reputed companies and also he said that Technical Symposiums, Seminars, and Project Exhibitions are conducted every year..

The arrangements for this function were made by the Principal Dr. K. Elangovan, Vice Principal Dr. M. Sridevi, Controller of Examinations Dr. K. Velmurugan, Dean, Dr. K. Anbarasan, Head of the Department of Mechanical Engineering, Dr. M. Chellappan, and Heads of all the other Departments, Professors, and Staff.
