Department of Mechanical Engineering

Inauguration of Centre of Excellence in Design

ICT Academy and Dhanalakshmi Srinivasan Engineering College (Autonomous), Perambalur, jointly inaugurated Centre of Excellence In Design and organized one-week training programme on "**Product Design Engineer Using AUTODESK FUSION 360,**" a short-term training course for UG students at CAD lab from (10.10.2022 to 14.10.2022).

The event started with Tamizhthai vazhthu in the presence of the Chairman, Principal, Vice Principal, Dean, COE, and department faculty and students of Mechanical Engineering. The welcome speech was delivered by third-year student, Mr. Sanjay. The chief guest was introduced to the gathering by the final year student, Mr. Karthik. The chief guest was Er. Palisetty Kranthi Kumar, Senior Technical Trainer, ICT Academy.

He emphasized the importance of Fusion 360, which is the only tool that integrates the entire product development process into a single CAD/CAM/CAE platform. The main intention of Fusion 360 is to enable the fast and easy exploration of design ideas with an integrated concept-to-production tool set.

Students will be able to understand collaborative product development work, produce assemblies with photorealistic renderings and animation, and run engineer simulations to test fit and motion after completing the training.
