DISASTER MANAGEMENT

To ensure the safety and security of our little pinky foots from the danger this program is organized and it was headed over by the District fire officer Mr.S.Damodharan and his team deeply explained the safety measure against fire accidents.

It happened in afternoon session The Dean, staff members and the Students gathered in auditorium for this session to gain some knowledge about safety. They brought in to our notice about the child safety & the precautionary measure to save them from the accidents. They insisted everyone to create new instruments to save the pinky foot.

By his, sharing of knowledge we secured a lots and lots of theoretical knowledge and practical demonstration about to save the budding kids and fire safety measures for our future lives. It is very useful and we acquired an outline how to save the children.
