INDUSTRIAL VISIT REPORT

(16-09-2024 / Monday)

KAYNES TECHNOLOGY: 12.00 am– 02:00 pm

There was a successful Industrial visit arranged to the IV-year CSE Students to **Kaynes Technology, Mysore – Karnataka** on 16nd September 2024. The crew consists of 73 students and 5 faculties and the team was so interested to gain information from the Industrial experts.

They were learned about Industry level basics of developing Software Applications, Recent Trends in IT, Overview of Internet of Things, Python and Mobile Applications Development. We express our gratitude to the principal and management who permitted us to go for the visit.

The programme was useful to some extent. The Organizers were very Cooperative. If they had given hands on training it would have been a very successful training programme.
