

## INDUSTRIAL VISIT REPORT

**Date:** 06 October 2022

There was a successful industrial visit arranged for the Final Year CSE Students to IROHUB INFOTECH, Cochin on 01& 02 October 2022. The crew consists of 115 students and 4 faculty and the team was so interested to gain information from the Industrial experts.

They were learned about Industry level basics of developing Software Applications, Recent Trends in IT, Overview of Python, PHP and Mobile Applications Development. We express our gratitude to the principal and management who permitted us to go for the visit.

The Programme was useful to some extent. The Organizers were very Cooperative. If they had given hands on training it would have been a very successful training programme. Due to weather & traffic, the scheduled timing of visiting Industry is slightly changed for the safety of the students.
