

Board of Studies (BoS)

Department of Information Technology

About the Board of Studies

The Board of Studies (BoS) of the Department of Information Technology is the highest academic body at the department level. It is responsible for framing, reviewing, and updating the curriculum and syllabus of the B.Tech. Information Technology programme in accordance with university regulations, industry requirements, and emerging technological trends.

The BoS ensures academic excellence, relevance of curriculum, and continuous improvement in teaching–learning processes.

Functions of the Board of Studies

The major functions of the Board of Studies include:

- Framing and revising the curriculum and syllabus of B.Tech. Information Technology.
- Incorporating industry-relevant courses and emerging technologies.
- Reviewing course objectives, outcomes, textbooks, and references.
- Recommending changes to teaching methodologies and evaluation practices.
- Addressing academic issues related to curriculum implementation.
- Submitting recommendations to the Academic Council for approval.
