

Institution Innovation Council:

At order to systematically promote the innovation culture and start-up ecosystem at educational institutions, the Ministry of Education (MoE) launched the Institution's Innovation Council (IIC) program through MoE's Innovation Cell (MIC) in partnership with AICTE for Higher Educational Institutions (HEIs).

In order to establish and stabilize the innovation and entrepreneurship ecosystem in HEIs, IICs are responsible for involving a large number of faculty, students, and staff in a variety of innovation and entrepreneurship-related activities, including ideation, problem-solving, proof-of-concept development, design thinking, intellectual property rights, project handling and management at the pre-incubation/incubation stage, etc.
